New York Times Article Features Detroit TLM Scene

Old Latin Mass Finds New American Audience, Despite Pope's Disapproval

An ancient form of Catholic worship is drawing in young traditionalists and conservatives. But it signals a divide within the church.

2d ago • By RUTH GRAHAM

It wasn't that long ago that it would have been unimaginable that a major secular news outlet like the New York Times would run a sympathetic article about the Traditional Latin Mass movement. And yet it happened...the paper published a two-page center spread feature in the A section of the Wednesday, November 16 print edition, also posted on-line, about the Tridentine Mass

movement and Detroit's TLM scene in particular. The reporter, Ruth Graham, had spent three days in Detroit, October 7-9, touring churches and interviewing Massgoers.

The article was no accident, of course; several readers of this column helped to make this story possible. Publicity such as this can do much good, from simply making people aware of this niche of Catholicism, up to and including attracting some souls to attend the TLM. We are grateful for everyone involved with this effort, especially Oscar Delgado, Executive Producer of the recent film *Saint Michael: Meet the Angel*, who got the Times interested in this story to begin with.

Apologies for the long link, but Ruth provided this so our readers could bypass the usual paywall:

Fully-Updated Altar Missal Now Available

In the September 5, 2021 edition of this column, we mentioned that the Priestly Fraternity of St. Peter's German arm had published the first fully-updated Tridentine Altar Missal, incorporating the new Prefaces authorized by Rome in the February 22, 2020 document, *Quo Magis*. That missal is now available for sale in the U.S. on the FSSP's web site, for an introductory price of \$230, quite low for an

Another Edition of the Pontifical Canon Reprinted

In related news, the Latin Mass Society of England and Wales has reprinted an 1889 edition of the *Canon Missae ac Usus Episcoporum ac Praelatorum*, the special altar missal used by bishops. It contains a large-font version of the Ordinary of the Mass (the bishop still uses the regular altar missal for the Propers), designed to be leaned against the tabernacle in place of the altar cards.

In our January 5, 2020 column, we reported on another reprinting of this book, by Germany's Nova et Vetera Publishing (available at: http://www.novaetvetera.de/nova/reihen_10014.html). The advantage of the Nova et Vetera edition is that it is fully in accord with 1962 rubrics. The new LMS version, however, incorporates hand-sewn binding so that it will stay open while leaned against the tabernacle. It includes an appendix explaining the differences between the 1889 and 1962 editions.

More information about the LMS Pontificale is available at:

Fr. Cy Whitaker, SJ Interviewed on Detroit Priestly Vocations Podcast

"It's not about what you do, it's about who you are." Fr. Craig Giera and Fr. David Pellican are joined by Fr. Cy Whitaker, SJ. This powerful discussion covers the early seeds of a vocation in Fr. Cy's childhood, the loss of his father, joining the Jesuits at age 40, and his role as a spiritual director at Sacred Heart Major Seminary. Be inspired as Fr. Cy describes the priest's identity as more important than the work he does and as he offers encouragement to all men discerning.

The Detroit Priestly Vocations Men of the Hearts Podcast this month features one of our most familiar Tridentine Mass celebrants, Fr. Cy Whitaker, SJ. He speaks about his interesting journey towards the priesthood as a member of the Jesuits, and his current assignment as Spiritual Director at Detroit's Sacred Heart Major Seminary. Listen to the podcast here:
